UPDATED GIFT AND SAMPLE POLICY WEBINAR

April 25, 2018

Good afternoon,

We wanted to share with you a link to view a full recording of the Updated Gift and Sample Policies Webinars that were held earlier in April. You can access the full recording by [clicking here](#) (You'll need to register before being able to access it).

These updated policies include a Sample Handling Policy, which addresses the way we receive and handle product samples, and a Receiving Gifts, Meals, and Entertainment Policy, which outlines the circumstances in which receipt of gifts and hospitality from our business partners is appropriate. You can read more about these new team member policies and our expectations surrounding samples and gifting practices from our vendor community by [clicking here](#).

If you were able to tune in or view the recording, please feel free to share any feedback or questions you might have with HSNVendorRelations@hsn.net.
